

CEPAL REVIEW

Chronological index

Nº 1, First Semester 1976

Marshall Wolfe, "Approaches to development: who is approaching what?".

Raúl Prebisch, "A critique of peripheral capitalism".

Jorge Graciarena, "Power and development styles".

Enrique V. Iglesias, "Situation and prospects of the Latin American economy in 1975".

Aníbal Pinto, "Styles of development in Latin America".

Cristóbal Lara, "Notes on integration".

Nº 2, Second Semester 1976

Gérard Fichet and Norberto González, "The production structure and the dynamics of development".

Akio Hosono, "Industrial development and employment: the experience of Asia and Latin American development strategy".

José Medina Echavarría, "Latin America in the possible scenarios of détente".

Carlos Massad, "The revolt of the bankers in the international economy: a world without a monetary system".

Norberto González and Gérard Fichet, "The production structure and the dynamics of development".

Jorge Graciarena, "Types of income concentration and political styles in Latin America".

Nº 3, First Semester 1977

Gert Rosenthal and Isaac Cohen Orantes, "Reflections on the conceptual framework of Central American economic integration".

Aldo Solari, "Development and Educational Policy in Latin America".

Charles Rollins, "Population and labour force in Latin America: some simulation exercises".

Raúl Prebisch, "Address delivered by Raúl Prebisch in the Seventeenth session of the Economic Commission for Latin America".

Barend A. De Vries, "Exports in the new world environment: the case of Latin America".

Isaac Cohen Orantes and Gert Rosenthal, "Reflections on the conceptual framework of Central American economic integration".

Philippe De Seynes, "The "Futures" debate in the United Nations".

Octavio Rodríguez, "On the conception of the centre-periphery system".

Nº 4, Second Semester 1977

Francisco Barreto and Roy T. Gilbert, "The deficit in urban services: a structural limitation?".

Carlos Real de Azúa, "Small nations and the "constrictive" style of development".

Roy T. Gilbert and Fernando Barreto, "The deficit in urban services: a structural limitation?".

Federico J. Herschel, "Fiscal policy and integrated development".

José Medina Echavarría, "Notes on the future of the western democracies".

Marshall Wolfe, "Preconditions and propositions for "Another development"".

Fernando H. Cardoso, "The originality of a copy: CEPAL and the idea of development".

Nº 5, First Semester 1978

Víctor E. Tokman, "Informal-formal sector interrelationships".

David H. Pollock and Carlos Massad, "The International Monetary Fund in a new international financial constellation: An interpretational commentary".

Sidney Dell, "Basic needs or comprehensive development".

Jorge Graciarena, "Between reality and utopia. The dialectics of the social sciences in Latin America".

Benny Widyono, "Transnational corporations and export-oriented primary commodities".

Paulo R. Souza, "Wage disparities in the urban labour market".

Carlos Massad and David H. Pollock, "The International Monetary Fund in a new international financial constellation: An interpretational commentary".

Alberto Orlandi, "Prices and gains in the world coffee trade".

Robert Devlin, "External finance and commercial banks. Their role in Latin America's capacity to import between 1951 and 1975".

N° 6, Second Semester 1978

Aníbal Pinto, "False dilemmas and real options in current Latin American debate".

Pedro I. Mendive, "Protectionism and development".

David H. Pollock, "Some changes in United States attitude towards CEPAL over the past 30 years".

Gert Rosenthal, "Economic trends in Central America".

Celso Furtado, "Accumulation and creativity".

Raúl Prebisch, "Socio-economic structure and crisis of peripheral capitalism".

Enrique V. Iglesias, "The ambivalence of Latin American agriculture".

N° 7, April 1979

Sergio Boisier, "Regional Planning: What can we do before midnight strikes?".

Héctor Assael, "The internationalization of the Latin American economies: some reservations".

Marshall Wolfe, "Reinventing development: utopias devised by committees and seeds of change in the real world".

Germánico Salgado P., "The Latin American regional market: the project and the reality".

Raúl Prebisch, "The neoclassical theories of economic liberalism".

Carlos Lessa, "Economic Policy: Science or Ideology? (Part One)".

N° 8, August 1979

Antonio Pérez and Gerson Gomes, "The process of modernization in Latin American agriculture".

Carlos A. De Mattos, "Plans versus planning in Latin American experience".

Pedro Sampaio Malán, "The Brazilian economy: option for the eighties".

Gary P. Sampson, "Contemporary protectionism and the exports of developing countries".

Robert T. Brown, "The future of the international railways of South America. A historical approach".

Jorge Graciarena, "The basic needs strategy as an option. Its possibilities in the Latin American context".

Gerson Gomes and Antonio Pérez, "The process of modernization in Latin American agriculture".

Carlos Lessa, "Economic Policy: Science or Ideology? (Part Two)".

N° 9, December 1979

Enrique V. Iglesias, "Latin America on the threshold of the 1980s".

Adolfo Gurrieri, "José Medina Echavarría: an intellectual profile".

Robert Devlin, "Commercial bank finance from the North and the economic development of the South: congruence and conflict".

Ricardo Ffrench-Davis, "Exports and industrialization in an orthodox model: Chile, 1973-1978".

Aníbal Pinto, "The periphery and the internationalization of the world economy".

N° 10, April 1980

William R. Cline, "International economic reform and income distribution".

Pedro Sampaio Malán, "The Latin American countries and the New International Economic Order".

Raúl Prebisch, "Towards a theory of change".

Colin I. Bradford, Jr., "Interpretative summary".

Jorge A. Sábato, "Technological development in Latin America and the Caribbean".

Roberto Zahler, "Monetary and real repercussions of financial opening-up to the exterior. The case of Chile, 1975-1978".

Enrique V. Iglesias, "The energy challenge".

Albert Fishlow, "A new Latin America in a new international capital market".

Carlos Massad, "Latin America and the international monetary system: some comments and suggestions".

Miguel Wionczeck, "The major unresolved issues in the negotiations on the UNCTAD Code of Conduct for the transfer of technology".

Jere R. Behrman, "Exports of non-fuel primary products".

Pedro I. Mendive, "The export of manufactures".

N° 11, August 1980

Aníbal Pinto, "The opening up of Latin America to the exterior".
